

Internship FAQs

Have a question about internships? Check here for answers to common queries!

How much will it cost to use Triad InternNet?

Posting your internship on Triad InternNet is free of charge! There is no fee to post opportunities.

Do I have to pay my intern?

You are not required to pay interns, but check the US Department of Labor website for federal guidelines regarding payment, worker's comp, and other intern-related HR questions.

<http://www.dol.gov/esa/whd/flsa/>

What do I use an intern for?

Interns can complete projects, provide extra support during busy seasons, keep day to day operations running smoothly, and allow them to participate in other activities that give him/her an inside look at your industry.

How does an intern get school credit?

They gather the proper paperwork from their career services office and provide you with appropriate pages to sign and monitor their work.

What types of students use Triad InternNet?

Students from all the Triad-area schools majoring in all types of areas are able to register to search for internships on our website. Students who are residents of the Triad-area, but may attend college outside the region are also able to register and search for internships.

What schools is Triad InternNet connected to?

We are connected to colleges in Alamance, Guilford and Forsyth counties. These are: Elon University, Alamance Community College, Bennett College, NC A&T, Greensboro College, Guilford College, UNCG, Guilford Tech. Comm. College, High Point University, John Wesley College, Winston Salem State, Salem College, Forsyth Tech. Comm. College, Wake Forest University, NC School of the Arts, and Brookstone College.

When do internships take place?

Internships typically take place within the parameters of the school schedule, fall, spring and summer. Fall and spring internships tend to be part-time to work around school schedules and summer internships are typically full-time.

How long should an internship last?

A fall or spring internship should last the length of the semester (typically twelve to sixteen weeks) and a summer internship should last the entire summer break.
